

Appendix C

A Survey About Local and World Revival

Note: By means of this questionnaire, we wish to gauge the nature of your attitudes on issues related to a coming world revival. For each question below, there is a continuum provided for your response that allows you to indicate the intensity of your feelings. All answers are confidential. We will report back the results at a future date. The questions are given in summary form. The one administering this questionnaire will explain each question in more detail.

1. To what extent does the Church worldwide (including our church) need a greater manifestation of all that Christ is for us, in us, and through us? To what degree are we in need of a true biblical revival?

1 2 3 4 5 6

It would be helpful, but not essential to our task.

Without it most churches (our own included) will languish, and we will fall short of God's purposes for us in this generation.

2. What impact would a world revival (as well as revival where we live) have on the worldwide advance of Christ's kingdom? To what degree is revival in the Church the only hope for our city and for the nations?

1 2 3 4 5 6

It would be helpful, but not essential to our task.

We can never carry out the Great Commission task to the comprehensive degree that God has called us to in this generation, without a true biblical revival.

3. How strategic is it for the body of Christ (including our church) to work concertedly in prayer and preparation for a coming world revival?

1 2 3 4 5 6

It would be helpful, but not essential to our task.

God will only respond with a local and worldwide awakening in the Church if we unite as a body to pray for it and to prepare for it together.

4. Is God willing, able, and ready to give world revival to this generation (and to us right here)?

1 2 3 4 5 6

Undoubtedly God is able.
I'm not sure He wants to at
this time.

Absolutely! God yearns to do
such a thing right now. It is His
highest priority for us in this
generation.

5. Does God desire to fill His Church (including our church) with confidence and hope about a coming revival and to enable us to seek it and prepare for it together?

1 2 3 4 5 6

I'm not sure

Absolutely! Such a spirit of
corporate hope and obedience is a
gift of God.

6. Am I ready to get involved right now with other believers in new ways to seek and prepare for local and world revival?

1 2 3 4 5 6

I'm not sure

I want to make such involvement
a number-one priority in my life,
reflected in such things as my
commitments of time, energy, re-
sources, and prayer.
